

North of Divide Community Association (NODCA)

OUR VISION

North of Divide Community Association is a progressive and cooperative partnership of Rural, Urban and First Nations communities promoting positive growth and common goals for a thriving, safe, stable and sustainable region.

The North of Divide Community Association (NODCA) formed in January 2010 with the goal of developing a regional body to provide services to participating municipalities. NODCA is located in Northwest Saskatchewan below the Northern Administration District and north of the Divide Forest. The Association is comprised of eight communities: RM of Meadow Lake #588, RM of Beaver River #622, RM of Loon Lake #561, City of Meadow Lake, Village of Dorintosh, Village of Goodsoil, Village of Pierceland, and Village of Loon Lake. NODCA completed their Community Action Plan in August 2010 and formalized their commitment to shared objectives by signing a Memorandum of Understanding on September 16, 2010.

The member municipalities meet regularly on the second Thursday of each month to discuss regional planning initiatives. The members of NODCA are motivated towards creating a district plan, with particular focus on developing a regional bylaw enforcement strategy and emergency measures. The group aspires to the development of a regional services agency which would provide bylaw enforcement and administration, planning, emergency measures, advice, and education for participating communities in the region. NODCA demonstrates leadership in their region with their enthusiasm for intermunicipal cooperation and proactive planning for the betterment of the lives of citizens in their region.

For more information on the North of Divide Community Association, please contact the RM of Beaver River at rm622@sasktel.net.
